when you purchase the Canon
DW-100 DVD Burner with a Canon
FS100, FS10, FS11, HF100 or HF10
Flash Memory Camcorder

November 26th through December 4th 2008

Created to provide data backup for Canon Hard Disk Drive and Flash Memory camcorders, the DW-100 allows you to connect to a Canon VIXIA HG10, VIXIA HF10, and VIXIA HF100 as well as the FS11, FS10 and FS100 camcorders to download video and burn AVCHD or Standard Definition DVDs.

Still images captured in your compatible Canon camcorder can also be sent to the DW-100 and from them a "photo movie" can be created.

The DW-100 will also play back the AVCHD discs created in the burner on an HDTV monitor through your HG10 or VIXIA HF10 or VIXIA HF100 camcorder.
